Summary

MCA Candidate (2026 | CGPA 8.5) Full – Stack & MERN Stack Developer

Engineered full-stack web applications using the MERN Stack (MongoDB, Express.js, React, Node.js), JavaScript, Python, FastAPI, and Java. Experienced in building responsive user interfaces, developing REST APIs, designing SQL/NoSQL databases, and implementing AI-powered vehicle detection using YOLO, OpenCV, TensorFlow, and PyTorch. Proficient in JWT authentication, authorization, CRUD operations, API integration, Git, GitHub, Postman, testing, debugging, and deployment. Seeking opportunities as a Software Engineer, Full-Stack Developer, or Backend Developer.

Education

Master of Computer Applications (MCA) -

St. Francis de Sales College (Autonomous), Bengaluru, Karnataka (Affiliated with Bangalore University).

Expected: 09/2026

CGPA: 8.5/10

Bachelor of Computer Applications (BCA) -

Nehru BBA & BCA College, Hubballi, Karnataka (Affiliated with Karnataka University, Dharwad).

09/2024

CGPA: 7.3/10

Experience

Full-Stack Web Developer Intern

05/2026 – 08/2026

Zool Tech Solutions Pvt Ltd, Bangalore, Karnataka -

- Developed and implemented a role-based Management System with dedicated Admin, Manager, and Employee portals using the MERN Stack and Tailwind CSS.
- Integrated secure authentication, RESTful services, database management, and employee workflows to build a scalable and responsive web application.

MERN Stack Developer Intern

07/2025

Zephyr Technologies Solutions Pvt Ltd, Bangalore, Karnataka –

- Developed AI/ML-based Vehicle Counting and Gym Management Systems using the MERN Stack with YOLO, OpenCV, TensorFlow, and PyTorch for real-time vehicle detection and counting.
- Integrated AI/ML models with responsive dashboards, MongoDB, and RESTful APIs to build intelligent and scalable web applications.

Web Developer Intern

04/2024-

Orbit Tech Cloud Solution, Hubli, Karnataka -

- Developed a responsive e-commerce website using HTML5, CSS3, JavaScript, and Bootstrap, implementing interactive UI components, responsive layouts, performance optimization, and cross-browser compatibility to enhance the user experience.
- Worked with Git for version control and collaborated on project development using an Agile workflow.

Projects

AXCENTRA – Employee Management System - (Full Stack Web Application)

- Built a centralized platform to manage employee information and daily HR activities.
- Implemented secure user authentication with separate Admin and Employee access.
- Developed responsive pages and connected MongoDB through RESTful APIs for efficient data management.

FitTrack – Fitness Management System (MERN Stack | React.js, Node.js, Express.js, MongoDB)

- Developed a fitness management system for member, trainer, and membership management.
- Implemented attendance tracking, subscription, and payment management features.
- Built responsive interfaces and integrated RESTful APIs with MongoDB.

DriveSync – Vehicle Management System (AI/ML | Python, Machine Learning, Flask, MySQL)

- Developed an AI-based vehicle management system for vehicle registration and maintenance.
- Applied machine learning for predictive maintenance and vehicle data analysis.
- Integrated a MySQL database and built a user-friendly interface for efficient management.

Skills

Programming Languages: Java, JavaScript (ES6+), HTML5, CSS3, SQL

Frontend: React.js, Bootstrap, Tailwind CSS, Responsive Web Design, React Router, Vite

Backend: Node.js, Express.js, RESTful APIs, JWT Authentication, Role-Based Authentication & Authorization, Session Management, API Integration, CRUD Operations, MVC Architecture

Databases: MongoDB, Mongoose, MySQL

Tools & Platforms: Git, GitHub, Postman, VS Code, npm, Render, Vercel, Netlify

Authentication & Security: JWT (JSON Web Token), Password Hashing (bcrypt), Authentication & Authorization, Protected Routes, Input Validation, CORS

State Management: React Hooks, Context API

Other Skills: Responsive UI Development, Component-Based Architecture, Form Validation, Local Storage, JSON, DOM Manipulation, Fetch API, Async/Await, Error Handling, Debugging, Cross-Browser Compatibility

Certifications

🏆 IIT Bombay Spoken Tutorial – C Programming

🏆 IBM SkillsBuild – Getting Started with Generative AI

🏆 EduPyramids, SINE IIT Bombay – PHP & MySQL Training

🏆 Inbound Training Workshop – Power Communication – Vertical Eye Life Skill Training Foundation

Achievements

- Champion Medal** – Awarded in recognition of outstanding performance during the **Inbound Training Workshop**
- Sports Runner-Up** – Secured Runner-up position in the College Athletics Competition.
